“ Yes, Kathy I remember and will share that too.. he always called you Kathy Belle and me Lois Carolyn.

David and I enjoyed our phone visits and reminiscing about family and friends.

He loved his family, horses, his work and Friends. He'd tell me about his friend Steve Kirkland and I'd remind him of Steve's Mother. Ms Viola's sweet pickles and then we would talk about his Mom's and Aunt Linny's cakes and how good they tasted and he say "I declare I'd like to have a piece of one of those cakes abut now! He'd say and I liked your chocolate chip cookies too!

I'd tell him about a new little calf that'd been born out here on the farm and he'd say, "I think a little calf is the prettiest little animal their is."

He was proud and loved his children, grands and great Grands more than anything. He always asked me about my Jimmy Jr, James III and Jonathan and my Kathy, Bill and Thomas and how Thomas was doing in school.

He would tell me when Julie would come to help and Miss Lexie helped and how she'd get him so tickled and get him to laugh and loved their hugs.

He'd mention Matthew would come and bring him a dinner plate and tell him about his dog, Petty and how smart a dog he is.

Also when Mark and Karen came how Mark would fix his computer and TV and how he enjoyed the Biblical passages.

He was telling me how Gary and Garrett kept his grass mowed and how nice the yards looked.

He'd always ask me when had I heard from Sherrill and Aunt Geneva to tell them he said hi and that he loved them when ever I talked with them for him.

Sherrill would tell me to tell David hi and that she loved him when I talked to him.

My brother, Brian White worked for him in his grocery store I remember.

He would ask me when had I heard from my Mother, Ida V. White, she is 96 yrs. and he knew I didn't get to see her often and for me to tell her hi whenever I talked with her for him.

He was always giving me compliments.

Thank You David for being such a good Brother, a dear Uncle and close friend to me and my family.

I thank Our Good Lord that I was Blessed to have known You in my life and for my being a part of Your wonderful Family.

Love and Blessings,  
Lois Carolyn Horton  
and Family

“ I always liked that Uncle David called me Kathy Belle. I loved his laugh and his smile was always genuine, traveling right to his eyes. He loved his kids, grandchildren and great grandchildren without a doubt the most of anything and considered himself blessed to have them, each and every one. He was always very practical and didn't like waste of any kind, I think that characteristic served him well as grocer. He maintained a keen interest in diverse topics and was gifted in the ability of thinking through intricate processes with ease like air conditioning installation and how to duct it to get the best air flow. He especially liked genealogy and was well studied about all of our relatives. I recall most of all that he loved family gatherings and talking with folks. My Daddy called him baby brother always, even when they were both in their 50's. We will all miss Uncle David terribly, his knowledge and experience will be

sorely missed. Sending love and prayers to all the family. Kathryn (Horton) Mullins, Bill and Thomas.

“ I haven't seen David since shortly after we graduated high school but I have fond memories of him and the others who were part of our small group. When I think of him, I always remember how nice and unfailingly polite he always was no matter how bad the day. I wish there were more people like that now. I wish blessing of peace and comfort to his family. I know he will be missed.
