“ Wonderful memories I have of Bro James growing up my young years through Gay Ann. Our summers were spent attending youth camp & then a lot of weeks/weekends at my house mostly hanging out doing crazy things. On one of those occasions Gay Ann got her "Bug" & drove to my house to stay for several days. Needless to say when it came time for Gay Ann to return home her bug wouldn't crank. Although my dad/brother tried to figure it out needless to say it was hard to work on a bug with the engine in the back. Bro James made the drive from Coochee got out of his vehicle greeted everyone with a friendly hello & handshake & got down to business. Instead of working from the back of the car on the outside, he crawled over the front seat stood as best he could in this doodlebug & worked on the engine from inside of the car. We all stood in amazement as he sweated, took tools & would bump this & that. In no time flat he had that bug ready for Gay Ann to make her journey home, that is of course after he stood around with a cool glass of sweet tea in his hand & chatted with my parents over the farming situation at the time. Bro James worked his whole life not only providing for his family but for his church family as well. I know he will be missed but heaven has truly gained a wonderful man of god. I will continue to life you up in my prayers & pray that God will comfort you all. Keeping marching toward the higher prize which he has now obtained.

“ Our family lost a wonderful man. My Uncle James Moore went home to be with the Lord.....he will be missed terribly.....he was the kind of man that would give people the shirt off his back or the last dollar in his pocket or buy somebody dinner.....he was one of the most kindest and most gentlest man I have ever known.....we have lost him, but we are so fortunate to have had him all these years and I will cherish the memories that we have shared.....
