“ *Just saw the obituary of Daphine on my iPhone . I saw Daphime a couple of moths ago and she was the same sweet lady as she was over 50 years ago. We agreed that we would take time out to have lunch or dinner together and try to discuss about the good ole days. We never did. There are so many things that take priority over our private time and life on this earth is going by so fast . To the friends and family I want you to know that you are in my thoughts and prayers . So sorry for the loss of this precious lady,*

“ *We will miss Daphine so very much. She loved life and her grandchildren and fishing with her life long fishing partner, Morris Sparks. You never saw one without the other on the Ocmulgee at their favorite spots. Our thoughts and prayers are with all of her family and friends.....*
