“ *David was the oldest of the 10 of us, and I the youngest! The age difference was alot so he was a brother & a mentor on many things especially Higher-Education; only he & our dearest Mother cheered me on to seek my college education after age 35, years ago! If he saw potential in an individual, no matter who; he verbally supported them 100%. He was tough & had strong character that added to his work & family ethics!*
