“ *My name is Deanna. My Grandma Moye and I had a close relationship. I love her so much! She took me hiking when I was a kid and she'd teach me the names of the plant life as we hiked. Today still, hiking is one of my favorite activities and I tell anyone who is with me what my grandma taught me. One of the best childhood Summers of my life was spent with my grandma at her house in the NC mountains. She was such a beautiful lady! I miss her.*
