“ *So sorry to have learned only today of the passing of EJ. EJ was a colleague and friend from Freeport (Indonesia) in 2013-2014 and my enduring memory of him was his refusal to catch the bus from Hidden Valley to anywhere. He always asked me to drive him which I did with pleasure as we had such great conversations about life, the universe and everything. A gentleman indeed who did not suffer fools gladly. RIP my friend. David Norris*

“ *EJ when I got the message you'd passed it broke my heart. I remember the good times we had in various parts of the world and the wisdom you shared whether wanted or not. Give Doc a hug for me and ride those hogs on a daily basis. Cheers Gentlemen Jack*
