“ Spent many a night at Evelyn 's home back in 60s. She made us walk a chalk line, for sure. She will always be in my heart.

“ As a caregiver for Aunt Etta, I loved her unconditionally, even when she didn't remember my name. Generally. She affectionately called me Mom, and I accepted that role until the end. I miss her, but will not ever forget her or her dear family. See you again, Aunt Etta, in Heaven! With Love, Christine Stanley, RN
