“ *Seeing friends and family today honoring you for the man you are assured me not only did you put your family first but you put everyone before yourself . I can only imagine what Heaven is like with you there playing sweet music for all the angels to hear. I wish I had just one more day I could see your precious face light up as Olivia walks in your house to see her papa Jacel. I honestly can say you wasn't just my papa you was a close friend as well someone who I could talk to about anything. I'm so thankful God allowed me and Jill to be your granddaughters you was prideful and happy to show us girls off...you loved us all so much. May the winds of heaven blow softly and whisper in your ear how much we love and miss you and wish that you were here. I love you so much.*
