“ He helped us raise 3 sons! We were so thankful fo his help. He will be missed.  
It was so nice to be able to get x rays for a sick little one right in the office & not need to go over to the hospital for that.

“ Although Uncle Jack was quiet at our family gatherings, he always had something interesting to talk about or show. But where he really dazzled was in his office with the kids. They loved him. To them, he was the Great Entertainer and he cared for them. What a perfect match.

Thank you to everyone that took care of Uncle Jack in his final years. We'll miss him and Aunt Joan.

“ My Uncle Jack made my favorite dish for Thanksgiving: Sausage Dressing ! I so looked forward to visiting his & Aunt Joan's home any time I could, but most especially for Thanksgiving! They had cool stuff from living and working with The Navajo Nation while serving US Army that was fun to explore as a kid. They had many pets to play with, although no children, and more youthful music albums (remember vinyl?) than my parents!. Rest at last Uncle Jack.

“ Absolutely the best pediatrician ever!  
He was our two sons doctor for so many years. Many times he made himself available when needed after so many long hours of work. He never made it look like a job, he was smart, kind, full of compassion & understanding. He had a sense of humor, our boys & we loved & respected him so much. Once our oldest son was sick, Dr Williams asked him how he's feeling, Lil'Nolan held his hands as far apart as he could stretch his arms & said, "I have a headache this big & said I need an Excedrin!" When Doc quit laughing he looked me dead in the eye & HE said, "this little fella is watching way too much TV !" It was a very popular Excedrin commercial 🤔!  
Saddened of his passing, love, hugs and prayers to his family. May he forever rest in peace, this world has lost a great doctor & an amazing man. 🙏🌹🙏💖
