“ Warren I will always remember your smile you were always smiling laughing showing your personality. You always lite up a room with your entrance. Now your sweet wife must carry on without you but she can do this with the help of our Father to carry her when she can't carry herself.. I remember when you worked at Statewide Engineering with David Register you two always had something going on with your laughter now you two are together once again. I'm sure with you two there won't be a dull moment in heaven. Father watch over Trish as she learns to live without Warren by her side.
