“ I just learned of and I am deeply saddened to learn of LJ’s passing and we are praying for Jewel and all the family. He was a special man who took the time to mentor me as a principal. I will always laugh about the day I took over for him as principal of Satilla. He took a few minutes to tell me about the school then he started rolling the “principals chair” out of the office. I asked him what he was doing. He said....”I like this chair. I left you enough money to buy another one”. Then he rolled it out and put it in his truck and took it away! Be at peace L J.

“ How fortunate the family of L J Harrell was to have him as family. He was a first class man who was an impact player of Coffee County education. Met him in 1972 and we worked together for five years. His sense of balance, fairness and expectation of excellence was admired by those of us fortunate to know and work with him. The school system was better because of his work. Jack Willis

Jewel,
So sorry about L.J. I had not seen him in many many years, but knew that you had a good marriage. My aunt Miriam Leggett was Special Ed. Coordinater way back in the day and she talked about him a lot. I know you will miss him, but looks like you have a great support in your family! Will be thinking of you all today!

“ Mr. L.J. had a very positive influence on my entire family. Our family came up in the 70's and 80's. Daddy and Mama had a small farm and were "sharecroppers." They tended several acres of tobacco, did produce farming, and we made lots of cane syrup for many years. In so doing, as a family of twelve children, they depended on each of us to help on the farm. Many times they kept us out of school for weeks at a time to WORK on the farm. It was our way of life. Mr. L.J. was the one person who ALWAYS made sure that we were kept abreast of our studies at school....helping Mama get our schoolwork from the teachers. Talking with the teachers and telling them to work with us and help us make up our work when we would return to school. Because of Mr. L.J.s concern and helpfulness, each one of us graduated from high school and a few went on to college. I give him credit, as did my parents through the years, of being what true educators and leaders should be. A person of character who truly did his job with diligence, pride, and love. Thank you, Mr. L.J. and may you rest in peace and may God place many stars in your crown for all you did to help us.

God bless and comfort you, Ms Jewel, Justin, Larry, and Terry and families. My deepest sympathy in this time.

“ LJ used to drive by our house twice a day in his red pick up truck with one or two of his dogs in the back. You could hear them barking as he was coming around the curve.

Our condolences to the family.

“ I never had the privilege of being taught by Mr. Harrell. I did get to know him in the 9TH grade at Coffee Junior High. During my study hall period, I worked in the office. That was Mr. Harrell’s off period and he would come in the office. I will never forget what a nice, respectful, and down to earth person he was.

My heart breaks for his family and friends. I know he will be missed by all.

Sending Hugs and Prayers.
