“ *Mr. Ludwig and his wife were my neighbors for many years. He was very active, never giving in to his aches and pains. I saw him on his rooftop fixing something in his 80's. He was tough. He was very talented making beautiful lamps and walking canes from wood, among many other tasks. He even made a camper for his truck, walk in it, sleep in it, cook in it, he went to Florida and lived very comfortable in it many times. He was a good man. Nola, Heather and all the others... so sorry for your loss. He's rocking beside his wife...they are again together.*
