“ *Libby and Family - I am so sorry for the loss of your precious mother. She was such a loving, sweet, and caring person. I learned to love her when she worked for Dr. Wills. I certainly thought she was a special lady. May God wrap each of you in his arms and comfort you and may it ease your pain to know that others do care.*

“ *Shrouder Family,
I'm sorry to hear of Lucille's family. When younger, we were friends with Jimmy and Sugar and met Lucille thru them. She was a great lady and helped other people.*

“ With deepest sympathy to the family. Terry, I was so sorry to hear of your mother's passing. You would be surprised how much Virginia told me about your mother when we where in middle school and I remember it to this day. I don't think Virginia ever knew how much I truly loved her and I miss her so much. Because of Virginia and Terry, I feel I'm apart of this family. My prayer is God continues to strengthen us. Love, Linda Toombs(classmate of Virginia and Terry)

“ W.B, so sorry to learn of your wife's passing. When I read the obituary I thought about your sister "Cookie," I think her name was Lucile also, then I read your name and realized it was not her. I'm not sure you'll remember me, but we were classmates in the old Broxton elementary school, I'm Carrol Myers, my daddy was Reno Myers. I've been away from Broxton many years now and don't have many contacts there anymore, I'd appreciate hearing from you sometime. I lost my wife several years ago, and know the sadness you must be feeling now, but time will take the hurt away, as that's the greatest healer of them all. My thoughts and deepest sympathy are with you.

“ My deepest sympathy to you all. Libby, I remember how great Lucille was at Dr. Wills office. She always got her predictions right on whether I was having a boy or a girl. I loved it when she would argue with Dr. Wills about which one was going to be right. Dr. Wills even said when he delivered my youngest son, "Well, Lucille was right, it's another boy! I know she loved that when he told her. We laughed about it later on. I was there a lot (from age 12 years old) so you all seemed like good friends. You had a great mother - from Mary Sizemore

So sorry to hear about your loss. I wanted to think that perhaps I was misunderstanding the reality of what I was reading. I am sorry that I am unable to be with the family at this time. Recovering from my surgery in May has been slow but each day is better than the previous one. Your Mom was there for me when my Mom was unable to be with me. I enjoyed being your neighbor during those earlier years of our lives. Working with you Libby and Terry will always be a special event in my life. Linda I saw the love you had for your Mom and younger sisters. Lucille will be missed by so many in the community and I know the emptiness you will be going through on those special occasions when the family will be together and you look around and she is not there. Love you and know that all of the family is in my thoughts and prayers.
