“ *When I left WDMG to pursue bigger and better things in my mind, it opened up the chance to have Petra join the family. It good times and bad, I was truly blessed to know that if I ever needed anything, even just to visit the station and the crew that still mean so much to me, Petra always welcomed me with a laugh and already ready to listen to my latest story of family, career or other changes in life. She was a valuable part of Broadcast South and became like family to all of us. My family joins you in prayer and thanksgiving for having Petra in our lives. I will always appreciate the kindness and even the picking on me when I came by to visit John and the crew. 🙏*
