“ I am completely lost without you. I don't know how I'm gonna start my life without you calling and say shonda, Derrick said he dont feel good. What's wrong, his stomach hurts. Well I guess just take him to the doctor. Deep down I know Dee is playing tricks on her. Oh was she ever a sucker when it comes to Derrick with his so called sickness. All she wanted was permission for Dee not to go to school. Or her trying to be mother Hubbard to so many ppl. Like shonda, so and so says can they stay here a couple if days. She had a heart of gold. I don't know how in gonna start my days not hearing her voice. She was my first best friend. She was my first fight. She is the only one that ever stabbed me in the leg with a pencil. She was the one that cut me pink britches off and made her some daisy dukes. It's ok, cause Weezer beat the brakes off her and she still had pink shorts. She's the one that decide to go to jail vs letting mister officer bring her to my house.. Oh the times I had with you were very eventful, and I will forever miss you. Fly high berthia I love you more than you will ever know.

“ *I Remember When*

*When we first met at Eastside Ele. School, it was fifth grade.  
When you lived in Hidden Lakes Manor and your house caught on  
fire.*

*I remember when you had your first child.  
When I first met your son and you live in the trailer park on hwy 32.*

*I remember when you fought your battles.  
When you smiled in the face of advertis and still came out on top.*

*I remember when circumstances in life prevented us from  
communicating.  
But some how we always found one another, no matter what.*

*I will always remember your laugh, your voice, your smile, but most  
importantly, your heart.  
I love you Rhonda. I will always remember when.....*

---
