“ *I would love to share a great memory about "Susie." When I was in college, I asked Susie if I could do my internship with her at Head Start in CA. She immediately agreed. I worked along side her for 12 months. She has always been a good friend! I have known her since she was a little girl. We were even neighbors when our little girls were growing up. You will be dearly missed, "Susie." But, you are now with your sister and brothers. Heaven has a new Angel. We have the memories.*

I would love to share that I met Sussy when I was only 23 years old. I was a single mom at that time raising two girls. Sussy and I met at work HeadStart. We would get laid off in the summer and collect unemployment. I will never forget she talked to a friend of her so she can hire me for the summer. That's the type a person Sussy was a kind hearted person. She also was able to get a field trip to the strawberry farm for the kids. She was just an amazing person that I love so very much. Until we meet again my dear friend.
